

Dear Sirs and Madames,

This is in regards to the proposed exemption for TV and radio stations from the DO NOT CALL list.

Have you lost your F*cking minds?!?!?!? We do not need or want ANY solicitations on our phones, fax machines, email or through the postal mail!

My cell phone IS my home phone. I do not have any use for wasting minutes on solicitations!!!!

My email is full of enough crap for viagra, morgage loans, penis enlargements and work at home offers. While the tv station's bullsh*t would add a little variety, IT IS NOT WANTED OR APPRECIATED!!!

Lest you think I am completely ungrateful,

THANK YOU FOR SETTING UP THE DO NOT CALL LIST!!!!

I was one of the first MILLIONS of people to sign up.

Thank you again for your time,

Matt Trahan
